

## Says Election Law Really Illegal

LITTLE ROCK (AP) — Ronald A. May, counsel for the state Republican party, said Thursday he believed a 1969 law providing for a general election runoff is unconstitutional, but Atty. Gen. Joe Purcell said he believed there was "persuasive case law" to support the constitutionality of the act.

Both made their statements during a brief hearing before Circuit Judge Tom F. Digby.

Both sides agree to submit briefs in the case by next Thursday.

The three Republican members of the state Election Commission — Gov. Winthrop Rockefeller, Lt. Gov. Maurice Britt and party Chairman Odell Pollard — brought the suit testing the law. The six Democratic members of the Election Commission, including Purcell, are the defendants.

Both sides had indicated they wanted to cooperate with each other in testing the law, which requires a runoff two weeks after the Nov. 3 general election in races for state legislative, judicial and executive branch positions if no candidate wins a majority of the votes.

The law was enacted after the American party entered the state's political picture. The runoff election would be a possibility in three-man contests, such as there will be this year for governor and lieutenant governor. The American party has joined the Republicans and Democrats in offering candidates for those positions.

Both sides in the suit seek a declaratory judgment from Digby and May said the loser would appeal to the state Supreme Court.

The suit contends that the law conflicts with a provision of the state Constitution providing that candidates having the "highest number of votes" in contests for governor, secretary of state, treasurer, state auditor and attorney general shall be elected to those offices.

The suit also contends the law conflicts with another provision of the Constitution that says "the person respectively having the highest number of votes for governor and lieutenant governor shall be elected, but in case two or more shall have an equal and the highest number of votes ... the two houses of the Legislature, at the next annual session, shall forthwith, by joint ballot, choose one of the said persons ..."

## Antihijack Web Snags Gunman

FREEPORT, Grand Bahama (AP) — A tough antihijack security web has snared its first gun-toter at the Freeport International Airport.

All air travelers leaving Freeport, a sun-splashed tourist city of casinos in the blue Gulf Stream off Florida, face searches of their baggage and often themselves before boarding flights.

British Overseas Airways Corp. initiated on Sept. 8 the searches now conducted on passengers of every airline. BOAC passengers also face frisking and search of their baggage at Miami.

The first pistol packer caught by the search program was a young American convicted Thursday of trying to board a Pan American jet the day before with a gun in his pocket.

Paul Stephen, 24, of Port Chester, N.Y., was sentenced to three months hard labor by Magistrate John Cronin, who said from the bench that carrying of weapons onto planes "will not be tolerated." Stephen told the court he had made no effort to hide the .25-caliber pistol and that it was not loaded.

Salathiel Thompson, deputy commissioner of police in Freeport, said Stephen's pistol was found by an airline examiner after he had cleared customs at the airport.

Two or more inspectors, supplied by the participating airlines, are stationed "at every gate in the airport," Thompson said. "Baggage or hand luggage, anything being carried out, is searched."

Inspectors open all bags, including women's handbags. Male passengers, especially those wearing coats, are frisked by uniformed airline workers. Thompson said there had been no hijackings involving planes departing from Freeport, but

## Effects of Auto Strike Snowballing

DETROIT (AP) — The effects of a national strike by the United Auto Workers against General Motors Corp. snowballed as the work stoppage entered its fourth day today.

Michigan, home of about half of the 344,000 men on strike in the United States and Canada, was hardest hit. But other places were beginning to feel the pinch as well.

A General Motors spokesman reported that 3,151 more UAW members at nine of 27 plants which were exempted from strike action by the union were laid off at the end of the second shift Thursday. This brought to 11,998 the number of workers laid off by GM since the start of the strike, almost 16 per cent of the work force at the exempted plants.

The 27 plants were exempted because they manufacture parts vital to other automakers. However, since GM is its own parts plants' best customer, production schedules at those plants have been reduced.

Ford Motor Co. and Chrysler Corp., whose contracts with the UAW expired along with GM's at midnight Monday, were exempted from the strike and are continuing production.

Clarence Lock, director of the Michigan Department of Revenue, said a lengthy strike could force the legislature to raise the state income tax rate. He said the strike represents a major loss of revenue to the state.

Detroit Mayor Roman S. Gribbs said the strike could have drastic effects on the city's economy if it lasts more than 10 days. He pointed out that the city was suffering from high unemployment before the strike.

No new national-level talks in the strike were scheduled until Tuesday. Meanwhile, top union officials are on a national tour, meeting with representatives of the UAW's 155 local-level GM bargaining units to explain strike strategy and to encourage rank-and-file support.

## Army Controls as Crisis Hits Chile

By EDUARDO GALLARDO  
Associated Press Writer  
SANTIAGO, Chile (AP) —

President Eduardo Frei of Chile, a nation facing its worst political crisis in 40 years, told his people Thursday that the country's armed forces "shall continue to be the guardians of its internal and external security."

The speech, delivered on the eve of Chile's Independence Day, was the first public address Frei has made since the Sept. 4 presidential election ended in a run-off in Congress between Marxist candidate Salvador Allende, who got the greatest popular vote, and Jorge Alessandri, a conservative.

"I am sure that whatever the situation the country will have in the future," Frei said, "the armed forces shall continue to be the guardians of its internal and external security."

"Their patriotism, their discipline and high degree of professionalism are a guarantee of democratic stability and the exercise of individual rights."

Frei spoke at a ceremony investing six officers with the ranks of admiral and general. Today, with business in Santiago at a two-week standstill waiting for the outcome of the run-off on Oct. 24, Chile celebrates its 160th independence day. A group of elderly women in black plans to mourn "the imminent death of democracy" outside the metropolitan cathedral, where Frei is to attend a traditional Mass.

Allende defeated Alessandri by 39,000 votes out of 2.9 million cast, but failed to gain the majority required to win outright. The Christian Democrat candidate, Radomiro Tomic, ran third and dropped out of the race.

As a result, a joint session of added, "I don't think they should wait for one before they act."

## Procedure Set Up by Democrats

LITTLE ROCK (AP) — In one of its final acts, the Democratic State Committee endorsed Thursday night a proposal establishing the procedure for electing delegates to the Democratic National Convention.

The proposal also provides for a presidential preferential primary in Arkansas.

The committee will be replaced by a new committee to be selected at the state convention today and Saturday.

The 1968 Democratic National Convention adopted new criteria, requiring state parties to give the voters more authority in the selection of delegates. A committee has been working in Arkansas to draft legislation to present to the 1971 legislature to replace the current system under which the delegates are selected by the State Committee.

Under the proposal, 80 per cent of the National Convention delegates would be elected by Democratic voters and the other 20 per cent would be selected by the State Committee.

The presidential preferential primary would be held in conjunction with the March school elections in presidential election years.

Dale Bumpers, the new Democratic nominee for governor, told the State Committee that the Democrats will win the November general election "if we stay united and indulge each other's personalities."

Charles D. Matthews of North Little Rock, outgoing party chairman, predicted that the convention today and Saturday would "witness the coming of age" of the party. He said the State Committee had been the "midwife" to the birth of a "new" Democratic party in the state.

Matthews had predicted earlier Thursday that the convention would be one of "unity."

"We're very much encouraged by the attitude taken by various delegations and they appear anxious to work with the State Committee and the new nominee," he said. "I don't expect any major controversy arising during the convention."

If there is any dissension during the convention, it may be over the party's platform. The party platform that will be presented to the convention will be a combination of the work of Bumpers and the Platform Research Committee, which conducted a series of hearings beginning late last year.

Jim Blair of Springdale, the party's counsel who also headed the Platform Research Committee, said Thursday he believed the committee's platform "will be basically structured around the beliefs and proposals of our gubernatorial nominee."

"In addition, it will have the benefit of the knowledge and insight of the people who testified before the (committee) or who furnished information to the committee," Blair said. "We feel that it (the platform) will be responsive to the needs of the moment."

Matthews said he would suggest that Atty. Gen. Joe Purcell, who Bumpers will recommend as new state party chairman, head a special committee to consider revision of party rules. Matthews said he hoped the rules would be changed to permit the next chairman more time to prepare for the state convention. Matthews has had 10 days in which to make arrangements for the convention and says at least 20 days is needed.

Bumpers, the 45-year-old Charleston lawyer, who defeated former Gov. Orval E. Faubus in the runoff for the gubernatorial nomination, is to speak Saturday at the climax of the convention.

The other Democratic nominees for contested statewide offices, Dr. Bob Riley of Arkadelphia as lieutenant governor and Ray H. Thornton Jr. of Sheridan as attorney general, also will speak Saturday.

The convention will include speeches by Reps. Bill Alexander and David Pryor and Sens. J. W. Fulbright and John L. McClellan.

Congress must choose between Allende, who has 80 of the 200 seats, or Alessandri, who can count on 45.

The remaining Christian Democrat legislators hold the key.

## Sniper Kills Policeman in Toledo

TOLEDO, Ohio (AP) — A policeman was fatally shot early today in his patrol car. A short time later, police said, snipers began firing from the nearby Black Panther headquarters and police surrounded the building and returned fire.

Patrolman William Miscannon was patrolling in the predominantly Negro inner city when slain.

His partner, Walter Shaw, said a Negro approached their car, said, "Hey baby, I've got something for you" and fired a pistol through a window into the officer's head. The assailant fled in a car.

Shaw summoned aid and when an ambulance arrived, officers said, the snipers began firing. Shaw was taken to a hospital suffering from shock.

Some 30 policemen converged on the scene, lobbed tear gas into the headquarters and flushed several persons from the building who scattered to firing positions in other buildings.

Two persons were shot and wounded as they fled, according to police accounts, and a third was arrested at the scene. Others remained in the building firing early today.

J. Melvin McClellan, 26, of Toledo, was arrested nearby and charged with the murder of Miscannon.

Police Chief Anthony Bosch says he does not believe Miscannon's death was instigated by Black Panthers but suspects those firing took advantage of the situation.

He said he was not sure those who opened fire from the Panther headquarters were Panthers. "I have no knowledge that they are yet," he said, "I have a little reason to believe that, but I haven't determined it as yet."

## Letters From Prisoners Are Returned

NEW YORK (AP) — U.S. Customs officials say they have returned a package of 379 letters from American prisoners of war in North Vietnam which was seized from a peace-movement courier at Kennedy Airport.

The package, taken by Customs agents as an undeclared item Wednesday night, was made available Thursday night to courier Robert Scheer, officials said.

Scheer and other members of the U.S. Peoples Anti-Imperialist Delegation said they obtained the letters during a Southeast Asian trip.

Scheer said he was going to distribute them to the prisoners' families.

The letters were seized, Scheer said, by Customs men who took him to a private room, threatened to search him, and "treated me like a common criminal."

His group filed suit in U.S. District Court seeking the return of 9,000 feet of motion picture film shot in North Korea and of two seven-inch reels of audio tape, which they said also were seized by Customs agents.

## U.S. PLANS

(from Page one)

be given over several years.

It is understood that Israel, which has been under growing economic pressures because of the costs of war, sent the United States some time ago a shopping list of things it needs. The cost: \$1 billion over five years.

Substantial American economic assistance to Israel stopped about eight years ago. The United States has supplied military armaments in considerable quantities since that time but they have been sold—not given—to Israel.

Following the 1967 Israeli-Arab war—the six-day war which Israel won—there was a period of quiet until about 18 months ago when Egypt denounced the cease-fire then in existence. Until the new truce went into effect the two countries had been engaged in almost continuous conflict. The cost created a severe drain on Israel's economy.

In spite of Egypt's missile deployments in the cease-fire zone Cairo has rejected charges its activities violated the standstill agreement—U.S. officials say privately that Israel still has over-all military superiority.

Overshadowing Mrs. Meir's meeting with the President was the new eruption of warfare in Jordan between King Hussein's army and Palestinian guerrilla forces, which, in Washington's view, has a direct bearing on the future of U.S. peace efforts.

The Palestinians are opposed to the American peace plan, backed by Hussein, and have declared their determination to smash it. The guerrillas demonstrated their power to defy his authority and to disrupt order by hijacking American, Swiss and British jetliners, forcing them to land in Jordan and making hostages of crew members and passengers.

Over-all, Washington authorities see little hope of a successful Israeli-Arab peace negotiation involving Jordan unless a responsible government in Amman can assert its authority over the Palestinians.

The official view here in advance of Mrs. Meir's arrival was that Israel could not be expected to make a peace agreement with any government unable to enforce it.

The audit showed the college with a deficit of \$1,390,694.62.

After the review of the audit, state Sen. Clarence Bell of Parkin, chairman of the Arkansas Legislative Council, moved that the legislators ask Gov. Winthrop Rockefeller to call a special session of the legislature to provide AM&N with a supplemental appropriation to bail it out of its financial problems.

After some discussion, Bell changed his motion to call on Rockefeller to convene a special session if the college could not continue operations without legislative action.

Bell's motion was adopted. About one in 20,000 persons of all races throughout the world is an albino, according to Encyclopaedia Britannica.

## Prison Strike Remains Unsettled

CUMMINS PRISON FARM, Ark. (AP)—About 60 inmates at Cummins refused to go to work again today, continuing a strike that was thought to have been settled Thursday afternoon.

Correction Commissioner Robert Sarver said there was no reason why the inmates should not go to work. He said the inmates had offered a list of demands and that he was "digesting the situation."

"They are just trying to take advantage of the situation," Sarver said. "What they are doing is unreasonable and they are just looking for excuses not to work. I can be about as unreasonable as they can."

The 60 are sitting in the bleachers at the baseball diamond. There was no rain at Cummins.

Sarver said the demands he had been able to find out about valued for an investigation of the Parole Board and record of office procedures, and questioned what authority prison officials had to withhold statutory good time.

Sarver said the strikers also were interpreting that he had lied about the shooting incident Wednesday of an inmate. The inmate was shot as he was sitting in the bleachers at the baseball field, but Sarver said the inmates thought he had said the inmate was shot while walking toward the bleachers.

No violence was reported at the prison today.

About 200 inmates went on strike Wednesday after Kenneth Odom, 31, serving a five-year sentence from Pulaski County for burglary and grand larceny, was shot in the back with a .351 magnum rifle as he sat in the bleachers on the baseball field after the noon meal.

Odom was reported in fair condition at a Pine Bluff hospital.

Correction Commissioner C. Robert Sarver said Odom was apparently shot by the tower guard, who was not identified, after several inmates started walking toward the bleachers. Sarver said prison rules require an inmate to obtain permission from the tower guard before walking to the bleachers to rest.

Sarver said the guard fired one warning shot and the second shot struck Odom.

The striking prisoners were asking that a prison policy which permits trustys to carry weapons be abolished. The inmates say the trusty guard system is unfair to those who are guarded.

Steed said the strike ended after he met with the inmates on the ball diamond.

"I told them their demands were unreasonable," Steed said. "The goal of the department is to correct the problem they had pointed out, but this is an impossibility at this time. The only concession was that the administration would do the best we could with the trusty guards we have."

U.S. District Judge J. Smith Henley ruled last February that the Arkansas prison system was being operated unconstitutionally. Among the improvements he ordered was the removal of trustys from supervisory positions. However, trustys still hold many supervisory positions.

## Senators Vote Together

WASHINGTON (AP) — Both Arkansas Senators, J. W. Fulbright and John L. McClellan, voted Thursday against cutting off debate on the election of the president by direct, popular vote.

The vote was 54 to end debate and 36 to continue, but the motion failed because it did not get the required two-thirds vote.

## COPE Plans Spa Meeting

LITTLE ROCK (AP) — The Arkansas State AFL-CIO's Committee on Political Education (COPE) will meet Oct. 10 in Hot Springs to interview all candidates for statewide offices.

COPE had earlier endorsed Dale Bumpers and Dr. Bob Riley, the Democratic party's nominees for governor and lieutenant governor, respectively.

J. Bill Becker, president of the Arkansas State AFL-CIO, said there was no question in his mind that Riley and Bumpers would have a "leg up on the other candidates" because of their previous endorsements.

## COURT

(from Page one)

superimposing the traditional peace symbol upon a representation of the flag. Arrests for displaying the emblem are common in New York City.

Last year, the Supreme Court ruled 5 to 4 that the Constitution protects those who denounce the flag in words. The decision reversed the conviction of a Brooklyn bus driver who burned a flag in outrage after hearing James Meredith, a civil rights activist, had been ambushed and shot.

The court ducked, however, the issue whether people can be punished for burning or defacing the American flag.

Radich contends New York state's 1967 flag desecration law violates the First Amendment's free speech guarantee. He argues respect for the flag cannot be compelled in a free society.

The New York Court of Appeals disagreed in upholding his conviction on a 5-2 vote. The majority noted that "insults to a flag have been the cause of war," and said Radich cannot cast contempt upon the flag to express his views.

The Long Island war protesters are attacking another New York law, one that forbids placing any word, design or drawing upon the flag, whatever the purpose. This, they say, is an unconstitutional attempt to compel respect for the flag.

"In a free society no person should be compelled to make ritualistic obeisance to a trapping of the state, whether by being forced to salute it or by being forced to treat it as though it were the secular equivalent of a religious icon," their appeal says.

Last June, a federal court in New York City said the law could not be applied to the peace emblem because it was not a flag in a legal sense. But the court said the law's prohibition against using the flag as a design did not violate the Constitution.

All the states and the federal government have laws that forbid the desecration of the flag. Their validity is at stake in the two appeals.

## Electoral Bill Barely Breathing

By JOHN CHADWICK  
Associated Press Writer  
WASHINGTON (AP) — "It's still breathing," said Majority Leader Mike Mansfield, after the Senate struck a heavy blow at a constitutional amendment to provide for direct election of the president.

After a 54-36 vote to cut off debate on the proposed amendment—six short of the required two-thirds majority—Mansfield said Thursday tentative plans call for a second attempt next week.

He said no decision will be made before Monday. This will give Sen. Birch Bayh, D-Ind., chief sponsor of the electoral reform measure, and other supporters a chance to round up more votes.

If a second petition to put the Senate's debate-closing cloture rule into effect is filed Monday, it would come to a vote Wednesday.

Failure to muster a two-thirds majority to choke off debate on a second try likely would be fatal to the proposed amendment, although nothing in the Senate's rules prevent repeated attempts.

Only eight times since the two-thirds rule was adopted in 1917 has the Senate, which prides itself on free debate, voted to apply cloture. The last time was in 1968 on an open housing bill—and that was on the fourth try.

Thursday's vote did not offer much encouragement to supporters of the direct election plan, but some contended it might yet be brought to a vote if more time is allowed for debate.

Of the 54 senators who voted for ending the debate, 33 were Democrats, 21 Republicans. Voting against the move were 18 senators of each party—mostly from Southern and small states.

Ten senators were absent, but even if all 100 had been present, opponents of the debate cut-off move had more than enough votes to block it.

## 'Barefoot' Has That Soul Look

By DICK KLEINER

HOLLYWOOD—(NEA)—Barefoot in the Park, TV style, is all black. The word is out that they tried it with a white cast a couple of times, and it didn't seem to work on TV, so, just for fun, they tried it with a black cast and it worked.

People are asking the cast members how they feel about it, and if it is an authentic look at black life.

"Is it real?" says Thelma Carpenter, one of the players. "People say that Julia isn't real. Well, Julia is as real as Doris Day is real. I know Negro girls like Julia and I know white girls like Julia. And I know Negro and white girls who are not like Julia, too.

"So our show is just as real as that. It's real, but television-real."

The measure of how busy Karen Black has been lately is a letter she recently received from her grandfather.

"I've enjoyed seeing you on TV and in the movies," he wrote. "And someday I hope to meet you in person."

The family all saw Karen in, among other things, "Easy Rider." She was the prostitute in the New Orleans sequence. Karen says her father, who is a rather conservative gentleman from a conservative Chicago suburb, saw "Easy Rider" and she was amused at his reaction.

"He said that he liked Jack Nicholson very much," she says. "And, boy, has he got some surprises coming, poor man."

Those surprises are in upcoming movies. She has three awaiting release—"Five Easy Pieces," "Drive, He Said," and a big Kirk Douglas-Johnny Cash western, "A Gunfight."

Karen considers herself "a character leading lady," and I wondered if maybe she wasn't too pretty for that label. "No," she says. "No, I'm not too pretty. That's the prejudice people have. Besides, I'm really not so pretty. My eyes are too small."

Too small for what?

## NOTABLES' QUOTABLES

"I was raised very strictly. Perhaps my father was a little too arbitrary. Even a week before I got married, I went out with my fiancé and my father said, 'Remember, be home at 11.'—Mary Tyler Moore

"My brother always used to bury things when he was a boy. We'd dig them up years later, things like my mother's silver teapot. He'd dig tunnels and bury things in them. I always thought he'd grow up to be an engineer. But he's in advertising, and what does that mean?"—Jacqueline Bisset.

"The new freedom of films is a good thing, provided it isn't taken advantage of. Basically, it's good to let people express themselves with more realism."—William Inge.

"I think the public will tire of all these sex movies. After all, sex was not meant to be a spectator sport."—Dana Andrews.

"It isn't just that movies are sexier, it is that the world in general is much freer. My nine-year-old twins go to a very fancy New York school, and they come home using the dirtiest language. I have just bought a novel, 'Such Good Friends,' by Lois Gould. She is a woman, but she uses words in that book that a woman never would have even heard a dozen years ago."—Otto Preminger

Because the Lilac Club was the hostess for the luncheon its members were in charge of various phases of the arrangements. Mrs. N.P. Nesbitt used fresh fall flowers and driftwood with gold and brown satin ribbon as the table decorations. Mrs. W.D. Cohea voiced the prayer before a ham dinner was served to 49 members and guests.

Mrs. Curtis Urey had clever favors at each place setting, and Mrs. Pauline Walker awarded

NEW YORK (AP)—Flip Wil-

son, whose antics have brightened many other stars' shows, arrived on NBC Thursday night as star of his own show. The responsibility of being both host and resident comedian seemed to get in the way of the fun.

Instead of the usual opening dance number or standup monologue, Flip began with the announcement that since a production number would cost \$104,000 he had decided to show us the money instead. He did, and a monologue would have gotten the series off to a better start.

David Frost was stiff, awkward and had a tendency to giggle nervously in Flip's sketches. Wilson's comedy just was not working. None of the sketches was particularly witty or bright. The hour needs some emergency treatment.

"Nancy," later on NBC, probably should be called a woman's show and has a lot going for it including charm. Nancy, played by Renne Jarrett, is the daughter of the president of the United States. We meet her when she is visiting in Iowa, training a saddle horse and encountering a young veterinarian, another newcomer, John Fink.

It's love at first sight, but he does not know who she is. When he finds out, girl loses boy. Then boy and girl are reunited—and there will be wedding bells a couple of episodes hence.

There was some amusing stuff about the ever-present Secret Service. Celeste Holm plays a breezy companion-chaperone and has most of the funny lines.

CBS's Thursday night movie started its new season with a made-for-TV thriller called "The Brotherhood of the Bell." It was a handsome, slick production and had Glenn Ford giving a believable performance as a man driven by guilt to expose a sinister conspiracy.

The story opened at an initiation ceremony with Ford assigned to force a friend not to take an important position. The friend killed himself.

Then the story seemed padded as Ford sought to find someone who would believe the secret brotherhood existed, and it just drifted to an inconclusive end as he found the person but the society was never exposed. Leaving untied ends is unfair to detective story viewers.

## HELEN HELP US!

by Helen Bittel

CAN HE SUE FOR CLOTHES LOSS?

Dear Helen: I came home late one night and my wife threw me out. Actually she never let me in. There was a note on the door saying "We're through!"

The next day when I came after my clothes and personal stuff, I found a smoldering heap of ashes in the driveway. She'd made a bonfire out of everything I owned!

I figure my suits alone were worth around \$400. Then there were pipes, a camera, books, luggage, all burned or damaged beyond repair. In all she got even to the tune of several thousand dollars.

She earns as much money as I do. Can I sue my own wife (soon to be ex-wife) for damages? Please help me fast. —DARN NEAR BARE

Dear DNB:

My "help" is mostly sympathy. A good lawyer may retrieve part of your losses in the divorce settlement, but prepare for a long, messy, well-publicized fight. When a man sues for alimony or other redress (no pun intended), it's NEWS! —H.

Dear Helen:

A popular parlor game is "Who Am I?", where you ask everyone to write down the first thought that comes to mind in describing themselves. Then you're supposed to use this, with other gimmicks, in "analyzing" what kind of person he or she is.

We played it the other night, and the answers added up to quite a commentary on human nature. More than half the women gave as their first self-description, "I am a wife" or "I am a wife and mother." But not one husband said first, "I am a husband."

I'll bet you could ask five thousand men "Who are you?" and not one would think of himself first as a husband, second as a career-seeker, or whatever. Yet most women still consider their primary roles are in the home. —PARLOR PSYCHOLOGIST

Dear Pay: "Or," says a married career gal I know, "Women still feel compelled to SAY their primary roles are in the home, whether they feel that way or not."

Your interesting letter reminds me of a question Barbara Walters asked recently on a TV show: "If you were immobilized for three months in a hospital, who would be your first choice to occupy the bed beside you?"

You'd be surprised how few people say, "My husband," or "My wife." ... And how few of EITHER sex choose women as their "talking companions." Ah, so. —H.

Dear Helen: Our daughter has been married a year and when she telephones (at least three times a week), she STILL asks for the charges to be reversed, just as she did in college.

How can we let her know, without hurting her feelings, that she's no longer a telephone dependent? —SUPPORTING

MA BELL

Dear BMB:

Send her a batch of stamped addressed envelopes and tell her you're on a telephone budget. It takes a while for a pampered daughter to become an independent adult—and I doubt that you've helped matters by allowing free and unlimited long distance calls all these years. —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble; let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bittel in care of (name of newspaper).

## Hope Hosts Sheridan Yellowjackets

By BILL MOORE  
Star Sports Writer

Rated as the favorite of the game tonight the Hope Bobcats take the field to meet the Sheridan Yellowjackets in a rough non-conference game.

Hope, after bouncing back to winning form against Prescott last week, must prove tonight that they are winners. After two close losses to highly favored teams Sheridan will be out to wrap a victory up and with the personnel they have, it is highly possible.

Kickoff is at 8:00 p.m. at Hammons Stadium and will provide some great football, in which I predict the Bobcats will ride on top again by about a 10-7 win.

## Chance of Rain for Game Sat.

LITTLE ROCK (AP) — The U.S. Weather Bureau is predicting a chance of showers for the football game between the University of Arkansas and Oklahoma State University at War Memorial Stadium Saturday.

The forecast is for partly cloudy skies and mild temperatures. Gametime temperatures will be in the low 80s. The winds will be southerly at five to 10 miles an hour.

There is a 20 per cent rain probability.

## OU Practices on New Turf

LITTLE ROCK (AP) — Oklahoma State University was scheduled to practice on the synthetic turf of Little Rock's War Memorial Stadium today in preparation for Saturday's football game with Arkansas.

"Some people tried to build this up," said OSU Coach Floyd Goss. "We don't want this to be a mental block to our players. All we are doing is just getting some practice time on the turf."

The game will be the Cougars' first on AstroTurf since they upset Houston in the Astro game in 1966.

## Picking the Winners in Pro Play

By JACK HAND

Associated Press Sports Writer  
NEW YORK (AP) — The memory of their Super Bowl humiliation and the bitter taste of Hank Stram's off-the-cuff comments in the film version of the game should fire the Minnesota Vikings to an early peak for Sunday's rematch with the Kansas City Chiefs.

Although Joe Kapp will be among the missing and Gary Cuozzo will be at the controls, the old Hand picker still sticks with the Vikings to win the opener.

A full schedule of 13 National Football League games stretches from tonight through Monday with only one interconference game—the Chiefs and Vikings. It looks like a rough year ahead but here goes with the first stabs:

### Friday Night

Los Angeles 27, St. Louis 21—Roman Gabriel vs. young Jim Hart with that Ram rush putting the big heat on Hart. Les Josephson will miss opener, Willie Ellison taking his place. New look Cards have six changes. This is the year of the Rams.

### Saturday Night

New York 24, Chicago 17—Giants won't be trying any on-side kickoff in final minutes this time. Fran Tarkenton, with running help from Ron Johnson and Tucker Frederickson, should get enough points to standoff Gale Sayers' stunts. Jack Concannon starting pitcher for Bears.

### Sunday

Minnesota 23, Kansas City 21—The big test for Gary Cuozzo as Joe Kapp's replacement and a chance for the Chiefs to make up for some of their Super Bowl embarrassments. Although both coaches talk about "just another game," this one will be for blood.

Oakland 28, Cincinnati 17—Capacity crowd at New Riverfront Stadium will whoop it up for Paul Brown's Bengals but they still have a quarterback problem. The Lamonica-Stabler combo too tough for Cincinnati defense.

Pittsburgh 21, Houston 20—Terry Bradshaw vs. Charley Johnson, the new vs. the old. Steeler pass defense has been amazing but Johnson will give it the big test with his bag of tricks. Three Rivers Stadium will be loaded, hoping to hail a new instant hero in Bradshaw to lead them to the promised land after so many failures.

Green Bay 14, Detroit 13—tempted to call this one a tie. Packers seem to be on the way back as long as Bart Starr stays healthy but Lions are hungry and tough. Loss of Steve Owens tough break for Detroit but Mel Farr is in top shape with Albie Taylor to help. A typical Pack-Lion cruncher.

Washington 27, San Francisco 24—An upset with 49ers favored at home. Redskins in high spirals after beating Colts in final exhibition game, determined to get away fast. Sonny Jurgensen must carry the load against John Brodie.

Atlanta 21, New Orleans 17—Norm Van Brocklin has Falcons wheeled up for quick getaway with Bob Berry throwing and Cannonball Butler and Harmon Wages to run the ball. Tommy Nobis back at middle linebacker. Saints' usually strong ground game crippled by injuries to Andy Livingston.

Dallas 31, Philadelphia 10—Cowboys have chance to get well at expense of floundering Eagles, who still are experimenting with secondary. Don't be surprised if Roger Staubach gets the call over Craig Morton at quarterback in effort to break Dallas' five-game losing streak.

Miami 20, Boston 10—Dolphins make debut under ex-Baltimore Coach Don Shula with Paul Warfield, Willie Richardson and Marv Fleming as Bob Griese's targets. Jim Nance and Carl Garrett must do the job for the Pats, who went 0-4 in the exhibition season.

Denver 30, Buffalo 14—The Broncos have scoring potential with Floyd Little and Willis Crenshaw. Pete Liske to start at quarter against team that intercepted him five times last year. Bills expect to open with Dan Darragh while rookie Dennis Shaw learns the ropes.

Monday Night  
Cleveland 24, New York Jets 20—Browns' passing attack will put pressure on revamped Jet secondary and Leroy Kelly will be running at Gerry Philbin's replacement at end. Joe Namath has new pet receiver in Rich Caster, who won't let Browns concentrate on George Sauer. It should be a thriller.

Thursday's Stars  
PITCHING—Dick Bosman, Senators, shackled Baltimore's newly-crowned American League East champs 2-0 on five hits for this 16th victory of the season—high for a Washington pitcher in the expansion club's 10-year history.

BATTING—Bob Watson, Astros, hit a grand slam homer to lead Houston past Los Angeles 10-5, eliminating the Dodgers from contention in the National League West and crowning Cincinnati as the division king.

## Mets Don't Play, Gain Ground

By HAL BOCK

Associated Press Sports Writer  
The New York Mets have discovered the knack of gaining ground in the topsy, turvy National League East race. They simply don't play.

The Mets took the day off Thursday and consequently couldn't lose. The same couldn't be said of first place Pittsburgh and third place Chicago. The Pirates and Cubs foolishly showed up for their games and lost, allowing the Mets to gain ground on both of them.

Philadelphia knocked off Pittsburgh 3-2, cutting the Pirates' lead to 1½ games over New York. The Cubs bowed to St. Louis 9-2 and remained two games behind.

Elsewhere in the National League Thursday, San Francisco nipped San Diego 4-3 and Houston whipped Los Angeles 10-5, eliminating the Dodgers and clinching the West Division race for idle Cincinnati.

In the American League, Baltimore clinched the East Division title when Boston edged second place New York 5-4 in 10 innings, eliminating the last challenger. The Orioles were shut out for the second straight night by Washington, 2-0, Cleveland rapped Detroit 6-2, Minnesota edged California 4-3 and Milwaukee edged Kansas City 4-3 in 13 innings.

Traditionally, pennant races are described in terms of the "all-important loss column." If you're a traditionalist, the Pirates have a two-game edge there. But in this race, it seems that it's the all-important won column. The NL East contenders find it's easy to lose. But winning. Ah, winning has become quite a job for them.

Over the last nine games, for example, first place Pittsburgh is 4-5 — the same as second place New York. Chicago has charged into contention with a 5-4 mark over the same period. The Pirates fell victim to a suicide squeeze bunt against the Phillies, spoiling the comeback.

Norm Bulach gives Colts running partner for Tom Matte and takes some of the heat off John Unitas. John Hadl gets call over injured Marty Domres after splitting summer work. Lance Alworth limping so rookie Walker Gillette will take his place for Chargers.

Washington 27, San Francisco 24—An upset with 49ers favored at home. Redskins in high spirals after beating Colts in final exhibition game, determined to get away fast. Sonny Jurgensen must carry the load against John Brodie.

Atlanta 21, New Orleans 17—Norm Van Brocklin has Falcons wheeled up for quick getaway with Bob Berry throwing and Cannonball Butler and Harmon Wages to run the ball. Tommy Nobis back at middle linebacker. Saints' usually strong ground game crippled by injuries to Andy Livingston.

## Likes Porkers Over Okla. State 28-10

By HARRY KING

Associated Press Writer  
LITTLE ROCK (AP)—Coach Frank Broyles has talked at length about the character of the 1970 Arkansas football team.

That character will be tested Saturday night when the Razorbacks meet Oklahoma State at Little Rock.

The Razorbacks are in the midst of a three-game losing streak — their longest since 1958 — and each loss hurt: Texas 15, Arkansas 14; Mississippi 27, Arkansas 22; Stanford 34, Arkansas 28.

Broyles says the players must forget those games. He pointed to the Razorbacks' rally against Stanford as an indication that the Razorbacks

can have a good football team. Arkansas spotted the Indians a 27-0 lead and then fell short on fourth and two from the Stanford five.

The odds makers have made Arkansas a three-touchdown favorite. If the Razorbacks are ready, three touchdowns should be about right.

ARKANSAS 28, OKLAHOMA STATE 10.  
Arkansas State University opens its season Saturday at Wichita State with an opportunity to impress football fans in the state since Wichita State is the same team Arkansas plays Oct. 24.

The Indians have a fine offense with quarterback James Hamilton, fullback Marshall Walls and tailback Calvin Harrell. And, coach Bennie Ellender says they are ready.

ASU 17, WICHITA 14.  
Arkansas Tech, an impressive winner last week, meets Northeast Oklahoma Saturday at Fort Smith. Northeast Oklahoma crushed Tech 48-7 last year.

Northeast Oklahoma is expected to be one of the top-ranked teams in the NAIA this year and may be a step above the Wonder Boys. The margin won't be anything like last year, however.

## Bobkittens Beaten in Last Minutes

By BILL MOORE  
Star Sports Writer

Last night in a final few minutes of the game the Ashdown Eagles squeezed out an 8-7 victory over the Hope Bobkittens, who had led all the way after scoring in the first quarter.

Hope took the kickoff and started from their own 25 yard line. Two plays netted nine yards, but an illegal motion penalty gave the Kittens a 3rd and seven from their own 29 yard line.

On a beautiful 21 yard pass play from quarterback Gary Rhodes to David Huddleston, Hope moved to midfield with a first and ten. Repeated blasts into the line by Huddleston coupled with a 19 yard pass to Terry Smith set the Kittens up at the Eagle 14 yard line with 2:52 left in the first quarter.

Ashdown then called time out to regroup its forces, but when play resumed it only took Hope six plays to score with Jud Martindale plunging in from the two with less than a minute left. Huddleston split the upright with the extra point and the Kittens had a comfortable 7-0 lead, using all but 47 seconds of the first quarter.

As Ashdown took the kickoff and appeared to be going in reverse, an Eagle fumble at the buzzer gave Hope a first and ten at the Ashdown 22. Getting to the 16, penalties and lost yardage forced Hope to give up the ball.

Hope got the ball once more before the half and ran it down to the opponents 15 before penalties forced a punt with 0:36 left in the half.

From this point it looked as though the Kittens were almost completely dominating statistics and all. And without those penalties the score could have been higher.

Ashdown was to receive the second half kickoff and they started out like fire. Repeated short gainers got them to the Kittens 39 but a penalty and an

North Little Rock's victory.

Burns scored on runs of one and nine yards. Swain caught a 20-yard scoring pass from Ricky Newth and a 51-scoring pass from Burns.

## Are All in Action

By DENNE H. FREEMAN

Associated Press Sports Writer  
The 1970 debut of the defending national champion Texas Longhorns heads a busy slate of Southwest Conference football activity this weekend with inter-sectional foes from coast-to-coast providing the opposition.

Texas has won 20 consecutive games and rates a three-touchdown pick over California in Austin for the 4 p.m. game before 55,000 fans.

In other games, Baylor is at Army, SMU is at Tennessee, Texas Christian is at Purdue and Texas Tech is at Kansas in day games while Oklahoma State plays Arkansas at Little Rock, Virginia Military Institute is at Rice, and Texas A&M is at Louisiana State in night battles.

The SWC is 3-3 against outside foes in the early going.

Coach Darrell Royal of the Longhorns unleashes All-American fullback Steve Worster and running back Jim Bertelsen on the Bears who dropped a 31-24 decision to Oregon last week.

The key to the Longhorn's hopes for another national title, Phillips, who will be starting his first game after being the under-study to James Street Mr. Unde-

feated.

Royal says of Phillips: "His mechanics and execution are just as good as James Street's. All he hasn't done is direct a winner."

California has never scored on Texas in losing three games to the 'Horns, including a 17-0 decision last year. The Texas defense must be wary of blazing sophomore sprinter Isaac Curtis, who has 9.3 speed.

Scout David McWilliams said California is "bigger and quicker than last year."

The new-look Texas Tech Red Raiders also play a team that has never managed to get their number. Tech is 3-0 against the Jayhawks.

New Red Raider mentor Jim Carlen said "We know that Kansas has a tough football team with excellent personnel and it will take a top effort from us to beat them. Their running back John Riggins is one of the top runners in the country."

Kansas knocked off Washington State 48-31 in its opener while Tech downed Tulane 21-14.

Quarterback Charles Napper's leadership and defensive back Ken Perkins have been the bright spots for the Red Raiders. Kickoff is 1:30 p.m. before some 40,000.

Texas Christian tries out its bruising ground game on Purdue at 1:30 p.m. in Lafayette, Ind. Junior Bobby Davis of the Horned Frogs piled up an impressive 247 yards last week against UT-Arlington in a 31-7 victory. A crowd of 60,000 is expected in Ross-Ade Stadium. Purdue won last year's meeting 42-35.

A crowd of 50,000 is expected for the first meeting between SMU and Tennessee. The Volunteers' new pro-style defensive alignment will get a stiff test from Mustang quarterback Chuck Hixson, who became the first collegian ever to complete more than 500 passes in a career in last week's 28-11 loss to Oklahoma. It's the first game for new Vol coach Bill Battle. Kickoff is 1 p.m.

Baylor coach Bill Beall hopes for his first victory against Army which opened the season with a 26-0 victory over Holy Cross. The Bears have lost 11 straight games under Beall. A crowd of 25,000 is expected for the 1 p.m. kickoff.

The young Texas Aggies, fresh from a 41-14 rout of Wichita State, tangle with seasoned LSU in a 7:30 p.m. kickoff in Baton Rouge. The Tigers won 35-6 last year. LSU holds a 19-11-3 edge in the series with the Tigers owning the last 10 games.

Quarterback Lex James and running back Brad Dusek are the Aggie offensive threats.

Rice opens the season on the new astroturf of refurbished Rice Stadium in a 7:30 p.m. kickoff with VMI, 13-0 victor over Furman last week. The Keydets have a new veer-option offense and hope to avoid last year's disaster—55-0—in Houston.

Arkansas tries to comeback from its bitter 34-28 loss to Stanford on national television last week. Both quarterbacks Bill Montgomery and Joe Ferguson will see action for the Razorbacks who hold a 22-12-1 edge in

The Northside 4-H Club received a Flag Set in its regular meeting September 10, 1970. This award was won by the club for having the highest percent of members to attend the Conservation Study Day conducted earlier this year at the Southwest Branch Experiment Station.

The regular meeting was held in the home of Mrs. Maxine Green with eight girls and boys present. Mrs. Alphonso T. Denham, Associate Extension Home Economist, presented the award to the group. This award was earned for having 14 of the club's 16 members

attend the Conservation Study Day. The members attending the Study Day were: LaVerne Jones, Yvonne Green, Debra Frierson, Cherri Scoggins, Novella, Helen, and Rosemary Howard, Lonnie Langston, Floyd Whitley, Michael Gray, Utha Ross, Elaine Brown, Roberta Stuart, and the main leader, Mrs. Green.

The flag set contained a United States Flag, a 4-H Club flag, bought by the 4-H council.

Mrs. Green, main leader and Cherri Scoggins, President of the club is observing the award.

## Bosox Send Orioles to 2nd in Row

By DICK COUCH

Associated Press Sports Writer  
Champagne flowed in the losers' clubhouse at Washington, while Cleveland's biggest winner treated himself to a short beer.

The Baltimore Orioles celebrated their second successive American League East championship Thursday night, despite a 2-0 loss to the lowly Senators, with a traditional bubbly bath. They had clinched the title when Boston beat the second-place New York Yankees 5-4 in a 10-inning afternoon game.

At Cleveland, Sudden Sam McDowell subdued Detroit 6-2 to become a 20-game winner for the first time in seven major league seasons, then took one quick sip of champagne to accommodate a photographer before switching to more pedestrian brew.

"I'd rather drink beer," said the 6-foot-5 southpaw, passing the champagne bottle. "I've been drinking beer all year long."

In other American League games, Minnesota moved closer to the West Division title with a 4-3 victory over California and Milwaukee nipped Kansas City 4-3 in 13 innings.

In the National League, Philadelphia nipped Pittsburgh 3-2; St. Louis pounded the Chicago Cubs 9-2; Houston slammed Los Angeles 10-5 and San Francisco nudged San Diego 4-3.

The Orioles were riding a bus from Baltimore to Washington when Tom Satriano's run-scoring single in the 10th inning at New York broke a 3-3 deadlock and mathematically eliminated the second-place Yankees.

"Next year, we're going to try and win it ourselves," said Frank Robinson, recalling that Baltimore also had clinched the division title in 1969 without taking the field.

Then the Senators, who had postponed the inevitable Wednesday night with a 2-0 victory over Baltimore, repeated the shutout count behind Dick Bosman's five-hitter. But Earl Weaver's defending AL kings shrugged off the run famine and quenched their thirst in a post-game party more lively than the 1969 affair.

"The first half of the season is over," proclaimed Coach Billy Hunter. "The next half starts in October."

McDowell, whose previous victory high was 18 last season, checked the Tigers on seven hits and struck out nine, boosting his

series. Kickoff is 7:30 p.m. before a sellout crowd of 55,000 in War Memorial Stadium in Little Rock.

Here's how the oddsmakers rate the games:

Texas plus 21 over California; Arkansas plus 21 over Oklahoma State; Kansas plus 7 over Texas Tech; Purdue plus 13 over TCU; Army plus 13 over Baylor; LSU plus 17 over A&M; Tennessee plus 17 over SMU and Rice is such a heavy favorite over VMI no odds are quoted.

## Ricky Beats Ashe in Tennis Meet

EVANSTON, Ill. (AP) — Dav-

is Cup star Cliff Richey of San Angelo, Tex., defeated fellow star Arthur Ashe, 6-3, 4-6, 6-2 in the opening night of the Marriott Tennis Classic Thursday in Northwestern University's McGraw Hall.

In the curtain raiser, Margaret Court of Australia defeated Richey's sister, Nancy, 1-6, 7-5, 6-0. Mrs. Court was winner of the U.S. Open at Forest Hills, N.Y., last week.

major league lead to 293 strikeouts. Rookie Roy Foster knocked in three Cleveland runs with a single and his 22nd homer.

"This is great," said McDowell, who was making his first start since last Sunday. "It's something I've always wanted, but to be honest, it was a very poor game for me."

"At the beginning I was trying to make every pitch too perfect. Then, when we got some runs, I just went at them. It's easy to win when you get six runs. My teammates won my 20th for me."

Leo Cardenas delivered two Minnesota runs with a single and triple; Tony Oliva picked up his 100th RBI of the season with a double and Jim Perry gained his 23rd victory with relief help from Stan Williams as the Twins squeezed past the Angels and lowered their magic number to six in the AL West.

"If those last six are like this one I might be crazy to come back next year," said Manager Bill Rigney, who was offered a 1971 contract by Twins President Calvin Griffith before the game. "We had to win that one. Let's win it. Let's not back in."

The Brewers shaded the Royals at Milwaukee as Ted Kubiak, given a reprieve when Rich Severson dropped his foul pop for an error with two out and the bases loaded in the 13th, drilled the tie-breaking single.

## No Worries With Sponsors Like These

By CHARLES CHAMBERLAIN

Associated Press Sports Writer  
ROBINSON, Ill. (AP)—When you have sponsors like Jackie Gleason and TV producer Jack Philbin there's not too much to worry about, says slender Rich Bassett, surprise first round leader of the \$100,000 Robinson Golf Classic.

Bassett, 29, former Duke University player, is a non-winner since joining the PGA tourney trial in 1967. He collected only \$1,879 last year and so far this season his earnings are \$1,012.

Bassett birdied eight of the first 12 holes of the par 35-36 71 Crawford Country Club Thursday and finished with a sizzling 30-35-65.

"If I'm lucky enough to win the \$20,000 first prize, I'll just about be even with my sponsors," he said. "I've been practicing hard, mainly on chipping and putting, and maybe it will start paying off."

Bassett, of Miami, Fla., said the Gleason-Philbin combine has been backing him on the tour for the last 3½ years. He met them while working at Shawnee Inn in Pennsylvania.

Only a stroke behind as the tourney enters the second round Friday is Bobby Nichols, the 1964 PGA champion and winner three weeks ago of golf's biggest jackpot — \$60,000 in the Dow Jones Open. Nichols had seven one-putt greens in building a pair of 33's for 68.

Nearly one-third of the field of 147 broke par. But favorite Frank Beard and defending champion Bob Goalby had to settle for 73 and 72, respectively, as they finished in the rain.

Another favorite, young Larry Hinson, deuced the short last hole for a 67 to join 10 others in that bracket — veterans Charles Sifford, George Archer and

George Knudson, and lesser-lights Bob Stone, Hale Irwin, Gene Ferrell, Bob Erickson, Jerry Hatfield, Grier Jones and Bob Payne.

Nine others were grouped at 68. All were little-known performers and included Hal Underwood of Humble, Tex. who ached the 180-yard 8th and eagled the 557-yard 12th.

## Mistakes Ate Us Up, Says Pork Coach

By HARRY KING

Associated Press Writer

LITTLE ROCK (AP) — To Charley Coffey, coordinator of Arkansas' defense, football is a game of mistakes.

The Razorbacks made more than their share in last week's 34-28 loss to Stanford, Coffey says.

"We had some new people out there and mistakes ate us up early," Coffey said. "I was hoping for better, but I wasn't surprised at the way things went. It was a combination of things, including injuries."

The Razorbacks are three-touchdown favorites to regain their winning ways against Oklahoma State at Little Rock Saturday night. The Stanford loss was Arkansas' third in a row—the longest Razorback losing streak since 1958.

"We are going to try to change those mistakes," Coffey said. "We hope that our experience last ball game will help."

"We think the attitude of the players has been real good," Coffey said. "I personally feel they have been more dedicated this week to eliminating mistakes."

Coffey said that the Razorbacks made two crucial mistakes on a 43-yard touchdown run by Stanford's Hillard Shockey and added: "One mistake can get you in plenty of trouble." Coffey said defensive tackles Roger Harnish and Dick

— my son and me. Here is a man guiding the steps of a young life. This boy is seeking the world through the eyes of a man — a father. They play together, discuss important issues together and, they go to church together. To be a father is about the highest privilege that ever comes to any man. And to be a good father takes about all there is of any one of us. How foolish if we neglect to include regular church attendance in our program while he is growing up. What a tragedy if we fail to introduce him to God and overlook the importance of fellowship through a prayer life. Here is an opportunity for your best to show up... it will culminate into one of Life's great Romances.

## Reform Bill May Be Lost in Senate

By JOHN BECKLER  
Associated Press Writer  
WASHINGTON (AP) — A bill to modernize Congress and shed some light on its procedures has won overwhelming House approval but could still be lost in the Senate's adjournment rush.

Senate Majority Leader Mike Mansfield, who has set Oct. 15 as the hoped-for adjournment date, says he'll do his best to get it through, but is making no promises.

The Senate passed a congressional reform bill in 1967 only to have it die in the House.

Despite a lack of enthusiasm for the present bill by House leaders and committee chairman, it sailed through the House 326 to 19 Thursday after intermittent consideration for the last two months.

The bill was a modest proposal as it came to the floor but was transformed into a significant reform measure by amendments.

Key changes would end secret voting by members in committee and House sessions, make it easier to get a vote on controversial measures and strengthen the position of the minority.

In a bow to the electronic age, the House voted to permit television coverage of its committee sessions, cleared the way for use of computers for a wide variety of services and called for a study to see if voting procedures could be quickened by use of an electronic system.

The bill also reflects House concern with the current atmosphere of violence. It calls for installation of a bullet-proof glass screen between the visitors' galleries and the House chamber.

An attempt to delete this provision was soundly defeated as several older members recalled the 1964 incident in which Puerto Rican nationalists fired shots from the gallery, wounding several members.

Although the galleries would be sealed off, sound equipment would permit visitors to hear what was being said and a commentary explaining what was going on would be provided.

The bill is the first overhaul of House rules and procedures in 24 years and has been five years making its way through Congress.

## More Rain Is Seen Through Saturday

By THE ASSOCIATED PRESS  
Arkansas has experienced a soggy two days and more rain is predicted through Saturday. However, instead of the rain covering the entire state, as it has in the past two days, scattered showers are forecast for Saturday.

Heavy rains hit the state last Thursday night and Thursday afternoon a tornado was reported near Mt. Ida. Officials said the funnel cloud destroyed a garage, but did no other appreciable damage.

The U.S. Weather Bureau says that temperatures will remain mild during the next two days. The highs Saturday will be in the 80s and the lows to night will be in the 60s and 70s.

Highs Thursday ranged from 91 at Pine Bluff and Little Rock to 80 at Fayetteville.

Overnight lows were Fayetteville, 69; Harrison, 69; Jonesboro, 73; Pine Bluff, 71; Texarkana, 74; El Dorado, 72; Memphis, 74; Little Rock, 73 and Fort Smith, 74.

## Court Will Take Up U.S. Flag Issue

By BARRY SCHWEID  
Associated Press Writer  
WASHINGTON (AP) — The Supreme Court is headed into an emotional controversy over the American flag.

Two appeals from New York awaiting the justices' return next month provide pivotal tests of efforts to shield the flag from scorn or even use by radicals.

Historically, the flag has been an object of veneration for fervent patriots. But it's also been used as a political banner, as a call to arms, a symbol of injustice and as a target of mockery.

The question confronting the court is whether Americans can be sent to prison because of the way they use the flag.

In one case, the owner of a Madison Avenue art gallery, Stephen Radich, was convicted for exhibiting seven constructions by Marc Morrell, an artist and war protester who displayed the flag as a male sex organ. Radich was sentenced to 60 days in jail.

In the second case, four Long Island women and two organizations opposed to the Vietnam war have been threatened with prosecution by Nassau County District Atty. William Cahn for

## Pretty Rough Way to Make the Mosquitoes Keep Their Distance

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you want to make mosquitoes keep their distance, eat a plate of snails with garlic butter. The mosquitoes didn't mind the snails, but they can't stand garlic—particularly at close quarters.

It's a waste of time worrying that you may be hit by a "falling star." Astronomers have calculated that an object as big as the continent of North America is likely to be struck by a meteorite 100-inches or more wide only about once in 50,000 years.

We might all live longer if we spent more money trying to find out how to. Specialists estimate that a major biomedical research program could increase healthful life expectancy by five to 15 years, but the amount now spent per person on such research is about eight cents a year—the price of a single candy bar.

What should a mother do if her child tries to get its way by holding its breath until it turns blue, faints or even goes into convulsions? The best attitude she can take is one of "purposeful neglect," says a Johns Hop-

## Officials Oppose Visit by Vietnam's Ky But He Sticks to His Plans

SAIGON (AP) — A senior aide to Nguyen Cao Ky said today the South Vietnamese vice president is not reconsidering his visit to the United States to attend a "March for Victory" rally, and his decision right now is "irreversible."

"He will tell the American people why we are fighting," said Col. Phan Van Minh, Ky's chief of staff. "He is not reconsidering. He is all set to go. We are working on his speech. All arrangements have been made."

Ky will leave Saigon next Tuesday, stopping off first in Paris where he is the chief of the South Vietnamese delegation to the peace talks. He has boycotted the talks for 18 months. From Paris, Ky is scheduled to fly to the United States, arriving in Washington Oct. 1.

The "March for Victory" rally is scheduled for Oct. 3 in Washington. It is sponsored by the Rev. Carl McIntyre, a fundamentalist radio preacher.

Minh's statement that Ky definitely was going ahead with his plans came after he was asked for comment on reports from Washington quoting U.S. officials as saying that Ky may now be reconsidering his visit.

Earlier, key Republican and Democratic senators in Washington advised Ky to stay home and not become involved in American internal politics by speaking at the rally.

The senators included Democratic Leader Mike Mansfield of Montana and some of President Nixon's most faithful Republican supporters in the Senate. They said in a series of speeches that the proposed visit would aggravate existing American conflicts and constitute a wrong-headed and misguided tampering "with the political process and public opinion of another country."

Minh said news reports of their remarks had just been made available to Ky, and there had been no comment yet from the vice president.

"We had considered the problem before the vice president made his decision," said Minh.

McIntyre flew to Saigon last weekend to persuade Ky to stand up under what he called pressure from the White House and State Department to stay away from the Oct. 3 rally designed to encourage support for an all-out military effort in Vietnam.

Meanwhile, Senate critics, who include supporters of the Nixon policy, were explicit in condemning the trip.

In a strongly worded speech,

Sen. Gordon Allott, R-Colo., said Thursday Ky's acceptance of McIntyre's invitation can only intensify U.S. dissent over the war.

## U.S. Plans No Military Action

By JIM LUTHER  
Associated Press Writer

WASHINGTON (AP) — Amid repeated high-level statements of concern for the safety of Americans in Jordan, officials continue to say there are no plans now for U.S. military intervention in the Mideast.

The State Department expressed deep concern for Americans and other hostages held in Jordan. But, press officer Robert J. McCloskey said Thursday, "I will not speculate on what may or may not be required."

"There are no plans for United States military intervention, but I am not going to get into statements of total self-denial," McCloskey told a news conference. "Obviously we're facing a very serious situation."

President Nixon, speaking to newly naturalized U.S. citizens in Chicago, said all Americans "are entitled to the protection of the American government, and they will have it every place in the world."

White House press secretary Ronald L. Ziegler said Nixon wants it understood that "those who hold American citizens as hostages will be held responsible for their safety."

McCloskey said about 40 U.S. government employees are in Jordan, along with about 350 other Americans, including some who married Jordanian citizens.

Arab guerrillas still are holding 54 hostages, including some Americans, who were taken in a series of airline hijackings.

One unconfirmed report said the hostages are being held outside the area where heavy fighting between guerrillas and King Hussein's army broke out Thursday.

But McCloskey said the State Department has been given no information on the status of the hostages.

He said Hussein has not asked U.S. assistance in fighting the guerrillas but declined to speculate on the response to any future request.

Secretary of Defense Melvin R. Laird told newsmen the United States is prepared to evacuate Americans from Jordan, using Air Force cargo planes standing by in Turkey.

However, a Pentagon spokesman said later Laird was referring only to the fact "we have prepositioned certain ships and transport aircraft, with medical teams aboard, as a precaution in case their use would be necessary for evacuation purposes."

Elements of the 6th Fleet moved into the Eastern Mediterranean last week. Six Air Force C130 planes were shifted to a base at Incirlik, Turkey, less than 90 minutes from Amman.

## Planes Pound Reds Blocking Cambodians

By JOHN T. WHEELER  
Associated Press Writer

PHNOM PENH, Cambodia (AP) — Flight after flight of warplanes today pounded the North Vietnamese and Viet Cong troops who have blocked the government's first offensive of the war some 50 miles north of Phnom Penh.

North Vietnamese troops attacked the Cambodian force along Highway 6 Thursday and killed four government soldiers.

Enemy soldiers were still operating to the rear of the government's forward line today. Three mortar rounds were reported fired on the Cambodians as more government reinforcements moved in.

The enemy was also reported reinforcing and resupplying.

For the first time, the Cambodian command ordered field commanders not to let foreign newsmen cover the action today. No reason was given, but one officer in the town of Skoun said the move might be aimed at preventing foreign journalists from seeing strikes by American jets. No confirmation was available.

Cambodian engineers repaired the last of three bridges destroyed by enemy guerrillas between Skoun and the government forces' forward lines. Field commanders put strong forces around the newly mended bridges to prevent more sabotage.

Sources in Saigon said U.S. bombers were continuing their raids along the highway between the Cambodian troops, strung out for several miles along the road some 50 miles north of Phnom Penh and the enemy-surrounded city of Kompong Thom, 80 miles north of the capital.

The raids are aimed at blocking North Vietnamese reinforcements and destroying their supplies. The division-size Cambodian task force is being challenged by an enemy force of more than 2,000 men. Some North Vietnamese and Viet Cong troops have moved toward the Cambodians' rear positions and field commanders fear the enemy force might cut off the Cambodians' northward drive aimed at recapturing some of the country's heartland.

The Cambodian spokesman would not speculate on when the government's first major offensive would get moving again. It has been stalled since Monday, when Cambodian forces suffered heavy casualties in fighting at Taing Kauk village.

Twenty to 30 government troops have been reported killed and more than 100 wounded in the 12-day operation. Enemy casualties are not known.

In another development, a South Vietnamese military delegation turned over a large amount of arms, munitions and equipment to the Cambodian army. It was understood the war materials were provided indirectly by the United States and are in addition to the \$40 million military aid promised Cambodia for this fiscal year.

## U.S. Plans to Give Israel More Help

By JOHN M. HIGHTOWER  
AP Special Correspondent

WASHINGTON (AP) — President Nixon reportedly was prepared today to promise Israeli Premier Golda Meir extensive new economic aid and continuing military assistance, while urging her to end promptly her boycott of Middle East peace talks.

The plain-spoken 72-year-old Israeli leader went into today's round of talks with Nixon and other high U.S. officials expected to emphasize her government's dissatisfaction over American failure to demand that Egypt roll back missile bases deployed near the Suez Canal in alleged violation of the military standstill agreement sponsored by the United States.

Against the background of new Middle East turmoil centered in Jordan, Mrs. Meir was scheduled to meet Secretary of State William P. Rogers at the State Department. That meeting was to be followed by a White House conference with President Nixon, who returned to Washington Thursday night following a two-day visit to Kansas and Chicago.

U.S. officials hoped Nixon's fresh assurance of support would be sufficient to offset Mrs. Meir's concern that Israel had been placed at a severe military disadvantage on the Suez front since the cease-fire went into effect Aug. 8. She has refused to let her representatives engage in preliminary peace exchanges with Arab envoys at the United Nations because of the missile issue.

The United States has backed Israel's charge that Egypt has violated the military-standstill accord which is part of the cease-fire agreement. Washington has called on Egypt and Russia, which supplies the anti-aircraft missiles, to "rectify" the deployment.

But the Nixon administration has refused to say what "rectification" means, and officials here see no prospect that the new anti-aircraft emplacements will be pulled back from the cease-fire zone.

Diplomats report Israeli leaders feel they have been let down by the United States.

The Nixon administration is designing an Israeli aid package, reported to total \$400 million to \$500 million, but officials say no final decision on exactly what the package will contain has been made. The aid would

Fighting between Arab guerrillas and the Jordanian army has spread into northern Jordan after a night of blood clashes in Amman, the capital city.

WASHINGTON (AP) — President Nixon was reported ready to promise Israeli Premier Golda Meir extensive new economic aid and continuing military assistance, while urging her to end promptly her boycott of Middle East peace talks. Mrs. Meir was expected to voice her government's dissatisfaction with the U.S. response to alleged Egyptian cease-fire violations when the two leaders met today.

WASHINGTON (AP) — U.S. officials say they see little new in an eight-point peace proposal made by the Viet Cong Thursday in Paris. The plan was considered to be only a revamping of earlier, unacceptable, enemy offers.

PHNOM PENH, Cambodia (AP) — Quiet prevails on Cambodian battlefields with North Vietnamese and Viet Cong forces reportedly reinforcing and resupplying along highway 6 north of Phnom Penh. Sources in Saigon say U.S. bomber raids in the area continue.

## Battle Is Bloody in the Capital

BEIRUT, Lebanon (AP) — Jordan's military governor ordered his troops today to stop firing temporarily on Palestinian guerrillas to give them a chance to surrender.

Field Marshal Habis Majali issued the order over the official Radio Amman but there was no word hours later whether the one-sided cease-fire had any effect.

Communications lines were down in Jordan but diplomatic advices reaching Beirut and elsewhere via embassy radios reported troops loyal to Jordan's King Hussein were in effective control of Amman, the Capital.

The diplomatic dispatches said, however, there had been fighting in scattered sections of the city before Majali's order was broadcast.

Heavy black smoke was visible over Jebel El Ashrafiya in Amman's southeastern suburbs, where an oil supply dump apparently had been hit, the advices said.

The U.S. Embassy in Amman had no recent report on the situation around the refugee-crowded Wahdat camp, one of the main guerrilla strongpoints where some or all of the Western hostages hijacked last week are believed to be held. The camp is located over the brow of a hill in the southeastern suburbs, just beyond Jebel El Shrafiya.

Guerrilla radio broadcasts said army tank units attacked Palestinian strongholds and that heavy fighting was going on in what the commandos had described earlier as "liberated areas."

The guerrilla broadcasts from Baghdad and Damascus said the tanks launched a three-pronged attack on Ramtha, Turra and El Kassarat, villages controlling the Amman-Damascus highway, the Palestinians' pipeline for supplies from Syria.

The government radio in Amman gave no indication of the military situation in its first broadcasts today. It said shortly before midnight the army was in control of Amman and military governor Habis Majali warned the guerrillas that his forces had been holding back their firepower to save lives but could increase their attacks tenfold if the commandos keep fighting.

Radio Damascus proclaimed that northern Jordan, from Amman to the Syrian border, was a "liberated area." It delivered an order from guerrilla leader Yasir Arafat naming himself the administrative authority and calling for the resumption of normal activities in the area.

Guerrilla spokesmen in Amman told newsmen that hundreds of civilians had been cut down in crossfires between guerrillas and army troops in Amman.

Radio Baghdad said one of the northern towns where heavy fighting raged was Irbid, Jordan's second largest city. "The main target is the refugee camp and neighboring residential districts," the broadcast reported.
